

REMINDER: Upcoming works in your area

19 April 2023

Elizabeth Street Sewer Upgrade Project

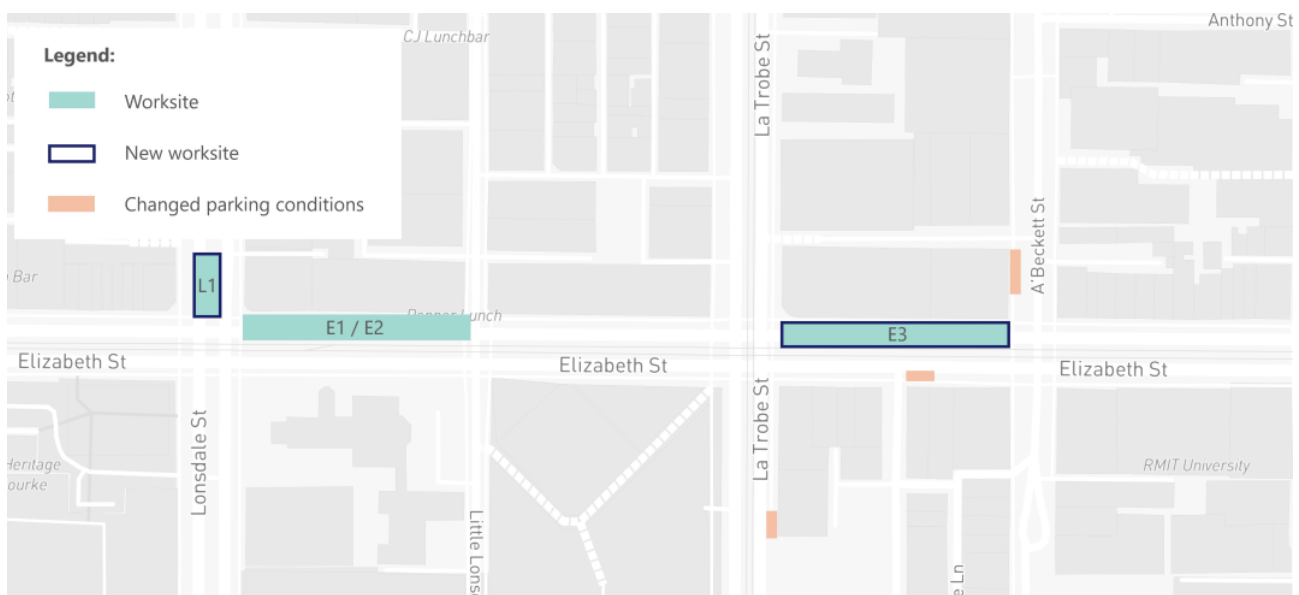

To cater for growth in Melbourne's CBD, Greater Western Water is constructing a new sewer in Elizabeth Street between Lonsdale and Victoria streets. The project will be delivered for Greater Western Water by Rob Carr Pty Ltd.

Works will soon begin on Lonsdale Street (site L1) and on Elizabeth Street between La Trobe and A'Beckett streets (site E3) – see map below for site locations.

What we are doing and when

Work is now underway at sites between Lonsdale and Little Lonsdale streets (E1 and E2). These sites have been combined to improve pedestrian and tram safety.

The first stages of work at sites L1 and E3 involve site establishment and excavation, including some night works. This will be followed by tunnelling, and more information will be provided before it starts.

Lonsdale Street - Site L1

- Site establishment will begin from Monday 8 May 2023. This will involve work over two nights (from Tuesday 9 May 2023) to install traffic management and day works to install barriers, fencing and signage.
- After night works are complete, works will occur between 7am and 6pm Monday to Friday, and 7am and 1pm Saturdays.

Elizabeth Street between La Trobe and A'Beckett streets - Site E3

- From 7am Monday 1 to 6pm Friday 5 May 2023, Elizabeth Street will be closed between La Trobe and A'Beckett streets. During this time night works will occur (from 9pm until 5am) to start excavation next to tram lines. There will be changes to tram services.
- This section of Elizabeth Street will be reopened from 6pm Friday 5 May for up to 2 weeks.
- Site establishment will occur in mid-May, and will involve day works to install barriers, fencing and signage.
- Outside of the nights listed above, work will occur between 7am and 6pm Monday to Friday, and 7am and 1pm Saturdays.

Traffic impacts

- Lonsdale Street westbound at Elizabeth Street will be reduced to one lane at from 8 May 2023.
- The westbound bus stop will be temporarily relocated to outside 379 and 383 Lonsdale Street during works. Bus services will not be impacted.
- The northbound lanes on Elizabeth Street (including on-street parking) will be closed between La Trobe and A'Beckett streets between 1 and 5 May, then from mid-May 2023. This is in addition to the existing closure between Lonsdale and Little Lonsdale streets.
- Some parking conditions on side streets will be changed to provide temporary loading, car share and disability parking spaces.
- Footpaths and pedestrian access to businesses will be maintained at all times.

Why are we doing some works at night?

Some activities need to be completed at night to minimise traffic delays and impacts to tram services and businesses. Sound mitigating barriers and screens will be placed around generators and equipment where possible to minimise noise during night works.

Need more information?

For more information about this project, what to expect during works, register for email updates or find out about community meetings and events, scan the QR code or visit: **yoursay.gww.com.au/elizabeth-st**
