

## **UPDATE – ongoing works in your area: Leicester Street between Victoria Street and Berkeley Street**

21 December 2023

### **Elizabeth Street Sewer Upgrade Project**

To cater for growth in Melbourne's CBD, Greater Western Water is constructing a new sewer in Elizabeth Street between Lonsdale and Victoria streets. The project is being delivered for Greater Western Water by Rob Carr Pty Ltd.

### **What we are doing and when**

The works on Leicester Street (site L2 – see map overleaf) which started in October 2023 will continue until **Friday 22 December 2023**. Works will then temporarily stop during the holiday period, and will now resume on **Monday 8 January 2024**. Construction is now expected to be complete in **early February 2024**.

### **What to expect during construction**

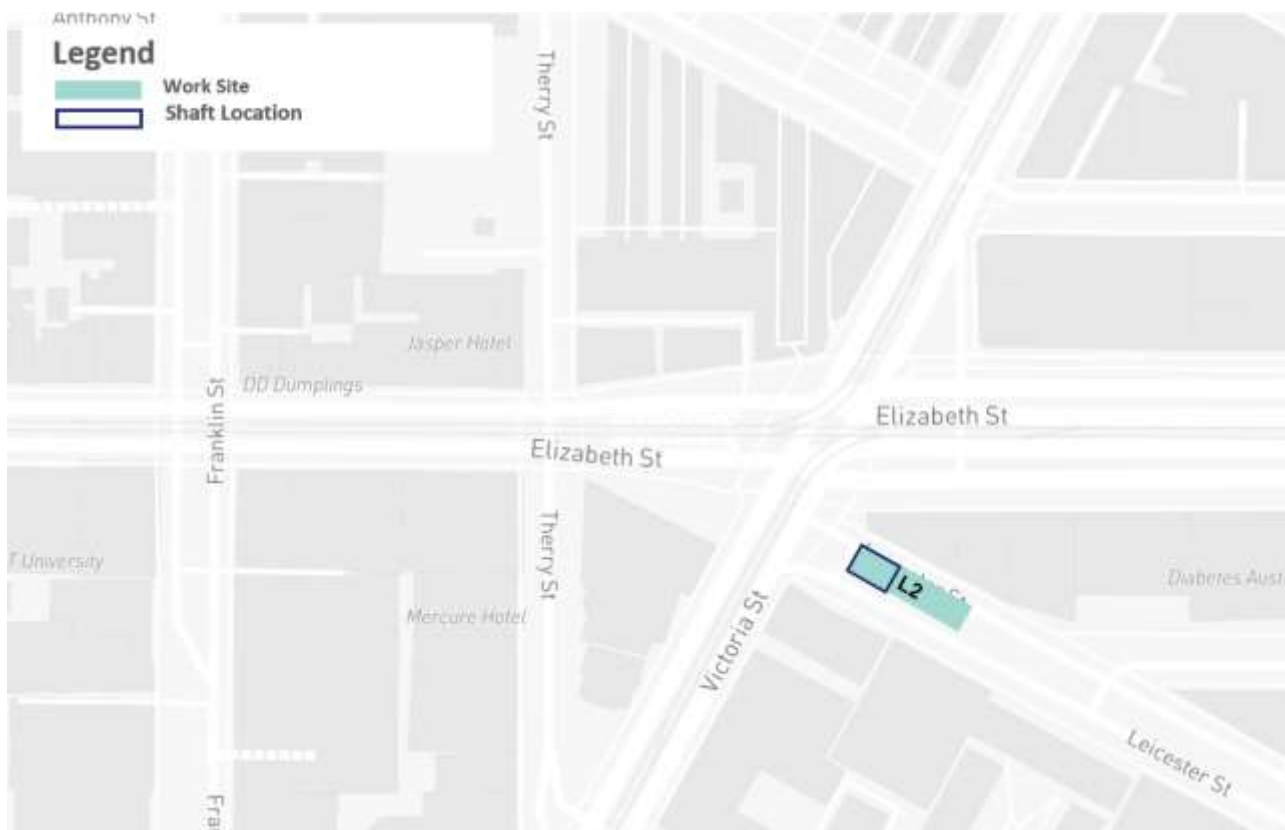

Works will be undertaken until **Friday 22 December 2023**, and then from **Monday 8 January 2024** to **early February 2024**. During these periods:

- Work will take place **between 7am and 6pm Monday to Thursday**, and **7am to 4pm on Saturday**.
- The works will include backfilling, asphaltting and other reinstatement works.
- Vehicles will not be able to turn left from Victoria Street into Leicester Street, and a section of the northbound lane will be closed.
- Around 14 on-street and centre median parking spaces will be closed, and some parking conditions may be changed to provide temporary loading, car share and disability parking spaces.
- This work will not impact your sewerage or water supplies.

### **What to expect during the holiday period**

Works will temporarily cease between **Friday 23 December 2023** and **Sunday 7 January 2024** for the holidays. Part of the work compound towards Victoria Street will remain in place during this period, and will be used to store equipment and machinery.

All centre median parking spaces will be accessible to the public, however vehicles will still not be able to turn left from Victoria Street into Leicester Street.
