

Project Update

Watermain renewal: Bourke Street and McIlwraith Place, Melbourne

We recently notified you of the Bourke Street water main renewal project which will commence in late July 2021. The existing water mains date back to 1896 and 1940 and need to be replaced to continue to provide reliable water supply.

These works will be completed by **Downer Group**.

On 1 July 2021, City West Water and Western Water integrated to be form a new water corporation - Greater Western Water.

Where and when will the works take place?

The new water main will be located along the south side of Bourke St between Exhibition Street and Meyer's Place.

In preparation for these works we will be completing preliminary investigations on **Thursday 22 July between 11am-4pm**.

Construction of the new main will commence from **Sunday 25 July 2021** and will take approximately **14 weeks to complete**. Works will take place between **7pm and 5am**.

What to expect

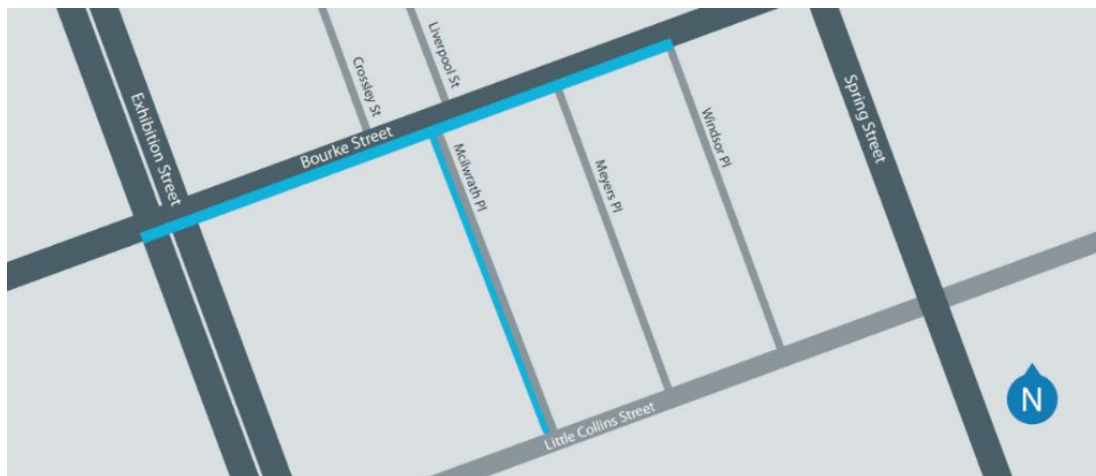

While we will continue make every effort to minimise disruption and inconvenience to you, the following can be expected:

- Construction of the new main will be between Sunday-Thursday.
- We will notify you in advance if our working hours change.
- There will be construction noise and dust from machinery and construction vehicles during working hours.
- Changes to traffic will include west bound lane closure along Bourke Street and reduced on street parking during the works.
- Traffic management will be on site to assist vehicles, pedestrians and cyclists move safely around the work area.
- You will be notified at least 48 hours beforehand if there are any planned disruptions to your water supply.
- Any disturbance to your property will be restored once our works are complete.

Customers who are on dialysis, life support or who have other special needs, please register as a **Special Needs Customer by calling 13 44 99** so we can put in place measures to assist you.

Location of works

Coronavirus (COVID-19 and our works)

To ensure the safety of our workers and the community, all active construction and maintenance sites operate in line with COVID Safe plans. We are continuing to closely monitor current information and advice about coronavirus in our community.
